Highlighting the progress of Studio 6.7*

RELATIONSHIPS /

Ministry Area Updates:

Early Childhood 1/2: Training new EC Vols. designed to be a "1st step" into serving in EC led by Mandy Cooley.

- EC has gained several vols for 5 p.m. service which has helped fill many crucial roles in classrooms that only had 1-2 volunteers scheduled each week during that service.

Elementary:

- In the middle of a 10-part series on Joseph. Children are seeing props from previous weeks to remind them what has happened to Joseph so far. This series will last through March. April begins a 4-week series using videos Joe and I made. May will conclude with a 5-week series on Moses.

Welcome Team:

- Identifying Team Leaders for WT; what does this look like? Would like to be in alignment w/how EC Team Leaders work.
- Need more Greeters for 5pm & 11am services.

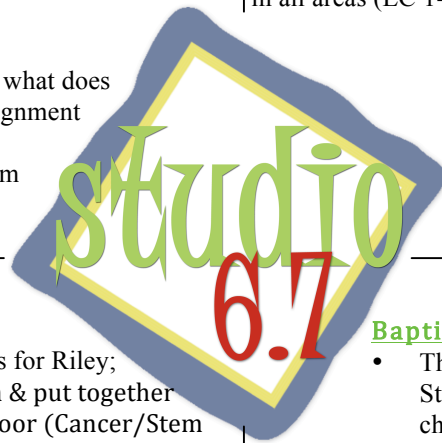

SPIRITUAL GROWTH / LEARN

Northview University-Kids Update:

Start Date: January 20 (Ends: Feb 24)

Promotion: Began Jan 1/2

- NU-Kids has been designed to fulfill the purpose of "learning more about God and His Word." Children ages 3 years through fourth grade will have the opportunity to deepen their walk with God, memorize scripture, and connect with others.
- Will incorporate weekly follow-ups with all parents (i.e., this week in NU-Kids, your kids experienced... and next week they will ...) for Spring 2011 Session.
- Would like to recruit a Leadership Team that owns NU-Kids in all areas (EC 1-2, Elementary & Welcome Team, Kitchen).

REACHING OUT / LIVE

Family Service Project

- Great response to Jake's Pillow Pets for Riley; deliver Pillow Pets to storage room & put together care packages for families on 5th floor (Cancer/Stem Cell Transplant)-ask attendees to donate specific supplies for baskets (Feb 26/27) & families would assemble March 19.

GraceWorks Update

- Had great response to promo video, Training session Sat, Feb 19 for new/current GraceGivers led by Aaron Scheffler.
- Sun, Feb 20 is Afternoon Away
- **Challenge:** Connecting GraceGivers with children/families; experience, service times, attendance, age, etc. must be figured in the equation. When someone turns down a child or changes a service time the entire process for all families begins over again as potential GraceGivers are readjusted and paired w/families.

ENABLE PARENTS

Baptism Update

- This past Sunday we had 11 of our children in Studio 6.7 baptized, including Jenna, one of our children with special needs, who was accompanied in the tank by her Grace Giver.

Family Ministry Update

- Joe is continuing to work on the "parenting resource project" with Dave and Kurt. The goal is to have the entire information ready to submit to the web designers by the 1st week of March

Monthly VOLUNTEER UPDATE

February Volunteer Update: We have welcomed 36 new volunteers in the month of February; 28 serving once a month; 5 twice a month; and 3 every week.
